3. You must send the original complaint and one copy to the Clerk of the District Court.
4. You must pay an initial fee of \$402 (including a \$350 filing fee and a \$52 administrative fee). The complaint will not be considered filed until the Clerk receives the \$402 fee or you are granted permission to proceed *in forma pauperis*.

V. Cause of Action

Instructions

1. *Provide a short and plain statement of each claim.*
  - Describe the facts that are the basis for your claim.
  - You can generally only sue defendants who were directly involved in harming you. Describe how each defendant violated your rights, giving dates and places.
  - Explain how you were hurt and the extent of your injuries.
2. *You are not required to cite case law.*
  - Describe the constitutional or statutory rights you believe the defendant(s) violated.
  - At this stage in the proceedings, you do not need to cite or discuss any case law.
3. *You are not required to attach exhibits.*
  - If you do attach exhibits, you should refer to the exhibits in the statement of your claim and explain why you included them.
4. *Be aware of the requirement that you exhaust prison grievance procedures **before** filing your lawsuit.*
  - If the evidence shows that you did not fully comply with an available prison grievance process prior to filing this lawsuit, the court may dismiss the unexhausted claim(s) or grant judgment against you. See 42 U.S.C. § 1997e(a).
  - Every claim you raise must be exhausted in the appropriate manner.
5. *Be aware of any statute of limitations.*
  - If you are suing about events that happened in the past, your case may be subject to dismissal under the statute of limitations. For example, for many civil rights claims, an action must be brought within two years from the date when the plaintiff knew or had reason to know of the injury that is the basis for the claim.

6. Do not include claims relating to your criminal conviction or to prison disciplinary proceedings that resulted in loss of good time credits.

- If a ruling in your favor “would necessarily imply the invalidity” of a criminal conviction or prison disciplinary punishment affecting the time served, then you cannot make these claims in a civil rights complaint unless you have already had the conviction or prison disciplinary proceeding invalidated, for example through a habeas proceeding.

### Claims

List the federal right(s) that you believe have been violated, and describe what happened. Each alleged violation of a federal right should be listed separately as its own claim.

**1. Claim 1:**

(1) List the right that you believe was violated:

inadequate medical care  
Admendment XIV, Amendment VIII

(2) List the defendant(s) to this claim: (If you have sued more than one defendant, specify each person or entity that is a defendant for this particular claim.)

Sheriffs office, Turn Key health

nurse on a video chat was nurse practitioner Shelly Simmons. I asked her about my back injury that when I am active/work out I have thinking/memory issues and my injury has never been diagnosed. She refused me care to get it diagnosed to see if it can be corrected and told me to "not work out". It being a fact to be active for 3 hours a week or more being healthy for humans and in a lot of ways. (see attached) sick call request form. Shelly told me "to get medical care when I get out"! I have a right to medical care now that I am not getting.

I was seen before all this by the nurse practitioner and I took a vow of silence and was not talking. Turn Key health nurse Angie let me write my issue but then got mad and not let me have the paper and pen. I have a Amendment 1 right to Freedom of religion so my right to correct medical should not be took because I was not talking that day. (see attached)

paperwork! Because my injury being old that being not a reason to not give me the medical help i need. Shelly Simmons when she will not send me to a specialist for my back injury is in disregard to my health. It being a fact that being active/working out has "many" health benefits. Also my pain i have from the injury she Shelly Simmons being in disregard to my rights as a human born in the United States with rights.

I asked nurse Ana here at custer county jail for the nurse' name that seen me on (8-5-2021) after death and she ana said she "dont know". That name of her(?) goes on page ① of this add on for page 7 of 8 in the blank spot. I dont know if Shelly Simmons that works for Turn Key health records the video chat/face time or not? I would like that subpoenaed when i tryed to get her to give me medical care she stated "we are done". I put in request to staff and grievance.

because my injury being old don't mean that tests that has never been done upon me could help to see if it can be fixed, and testify to the memory/thinking issues I suffer in my criminal case to protect my Liberties and freedoms. My Bill of Rights are being violated over and over by the justice system.

I will keep documenting truth; need the federal government to enforce the protection of my rights! . . . ., (See) Article VI [2] of the United States Constitution! Also Article VI [3] It being written in our United States Constitution about "executive and Judicial Officers" shall be bound by oath or affirmation, to "support our constitution" (writing Plaintiff's) Definition of "support" being... 1. To bear the weight or stress of; uphold; sustain. 2. To endure; bear; undergo; suffer; tolerate. 3. To encourage; aid; help. 4. To maintain; provide for. -n. 1. Act or operation of

supporting. 2. one that supports. I Plaintiff asks the court to "aid" and "help" Plaintiff get his Amendment XIV right to the equal protection of the laws! Plaintiff being in the jurisdiction of the United States of America by his jus soli and jus sanguinis of social security number 553-75-3782 date of birth being 2/17/1983 after death of our lord of lords in the Great State of California in the City of Durate. Plaintiffs jus sanguinis by mother Judy Ruth Mullin<sup>I<sup>st</sup></sup> date of birth 9/5/1953 after death of our King of Kings in Pampa, Texas.

Plaintiff should not have to provide the science of health benefits that being active/working out provides to quality to a human being life. I also should not have my right to Amendment VIII Violated of pain if a specialist doctor can help me..... because of the cost of treatment!

If you do the research math of the

population of inmates the average in the United States that needs to go see a specialist and those in jail/prison would be way lower due to the medical providers trying to save money. This being wrong. When a HUMAN Being is confined and in custody and can't go get medical help. Then he being not told what he can do to get help. He has to find out on his own when we are supposed to be civilized nation. Some medical issues are life and death. I have cognitive issues and I tell medical try to get help and get turned down and still released to the public. Now I am in jail and get the same medical provider issues. I need the authority to get me the help I need. I have lied before yet I am not a liar I love the truth... He being my God Jesus Christ...

(3) List the supporting facts:

In the custer county Jail on (8-5-2021 after death-) I was brought by officer Maynard to bookings medical room with officer Jeff stundford nurse ana was there and another
